Dear Ms. Eger,

This letter is in response to your amendment request dated November 18,2009 regarding our Amended Mid-Year Report (4/1/2009 - 6/30/2009).

The additional disbursements on Line 24 were previously disclosed but as memo entries. The debts incurred for the affected Line 24 debt payments were reported correctly during the period they were incurred. Memo entries associated with these debts incurred disclosing the independent expenditure activity supporting or opposing federal candidates were reported on Line 24 during the appropriate reporting periods. Our E-Filing provider, Netfile, has changed the software so that reporting the payments of debts for Line 24 activity will be correct.

Please let us know if you have any further questions.

Sincerely,

Betty Presley
